Manufacturing Methods

Our Method

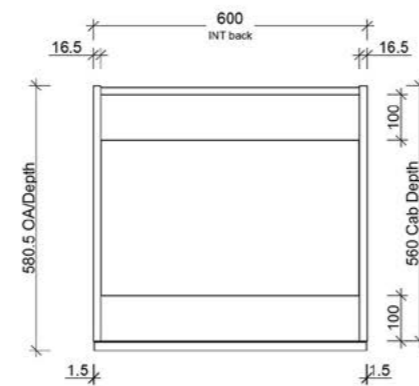

Construction methods used when we build the library items are based on common manufacturing techniques.

Please check the sample construction drawing before making a purchase.

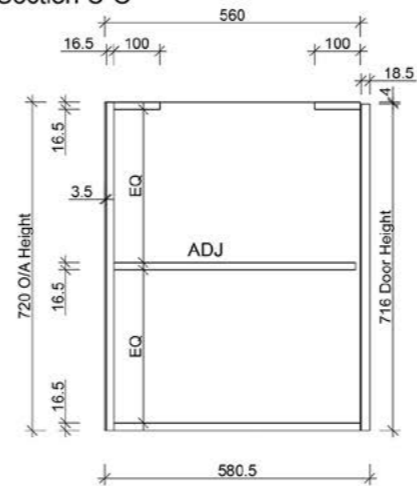

Library items are modifiable and you may be able to customize them to suit your construction methods.

Terms and Conditions

Conditions of use

By purchasing a Library product from My 3D Shop Pty Ltd you agree to these terms and conditions of use. My 3D Shop Pty Ltd may revise and update these terms and conditions at anytime and without notice.

Libraries in their entirety or otherwise can not be distributed, sold, assigned, transferred or otherwise redistributed either in our original format or as a part of a scene, animation or in any other format from which any original product, or any part of it can be separately exported, extracted, or decompiled into any redistributable form or format.

Library content can be modified in any way in order to conform to your needs, however any such modifications are still derivatives of the original and can not be sold or distributed as your own (whether to be sold separately or packaged/included with any other products/files).

Delivery policy

All products are delivered as access to an electronic file(s) on approval of your order. When your order is approved you will be redirected to a page with a download link. If for some reasons you didn't manage to download the item you can contact us for assistance.

All libraries will be delivered and maintained in the most recent version of PYTHA software. So libraries purchased under one version of the software, may not continue to be fully supported in future releases of the software. We will endeavor to maintain libraries for as long as they may be relevant.

Refund policy

Since My 3D Shop Pty Ltd is offering non-tangible, irrevocable goods we do not issue refunds once the order is accomplished and a link to access the file(s) is sent. As a customer you are responsible for understanding this upon purchasing any library item. We only make exceptions with this rule on the following reasons:

irreparable defects, missing textures, files, etc.: although all the products are thoroughly tested before release, unexpected errors may occur. In this case we may send you a download link with the missing or fixed files or make a refund;

product not-as-described: a request based on this reason is satisfied on a case by case basis in agreement of both parties concerned.

Requests for a refund are accepted within the period of 1 week after the order is placed. You should accompany this request with detailed and grounded reasons why you apply for a refund.

Copyright

All copyrights belong to My 3D Shop Pty Ltd, none of these rights are assigned or transferred to the end-user. All rights are protected by intellectual property laws, international treaty provisions and other applicable laws.

Terms and Conditions

Construction methods

Construction methods used when we build the library items are based on common Australian manufacturing techniques. Your construction methods may vary. Every customer should check the sample construction drawing accompanying each library before making a purchase. We have made every effort to display the products as accurately as possible.

Refunds will not be made for reason of differing construction methods. As a customer you are responsible for understanding this upon purchasing any library item.

Notice

My 3D Shop Pty Ltd makes no representation or warranty or condition of any kind, whether express or implied (either in fact or by operation of law) with respect to the product, including, without limitation, with respect to the sufficiency, accuracy or utilization of, or any information or opinion contained or reflected in, or produced through, any of the product. My 3D Shop Pty Ltd expressly disclaims all warranties or conditions of merchantability or fitness for a particular purpose. The product is provided "as is." The user assumes all risk of use. No officer,

director, employee, member, agent, or representative of My 3D Shop Pty Ltd is authorized to make any modification, extension, or addition to this limited warranty.

You the customer agrees that My 3D Shop Pty Ltd is not responsible, and shall have no liability to you or your business, with respect to any information, product or service offered by others who are linked to My 3D Shop Pty Ltd. My 3D Shop Pty Ltd shall not be liable for any damages allegedly sustained arising from use of the information in the PYTHA files.

Technical services

Implementation and trouble shooting support in the use of PYTHA Libraries is available for those customers on a valid PYTHA software technical services contract by an authorised technical support service provider. For customers not on a valid technical services contract, technical support may be delivered to you at an hourly rate. Please contact us for the latest out of contract hourly rates.

Visit our online store regularly for more products to turbo charge your workday.
